NEW GAME LAW

A SUMMARY OF THE STATE LAW—OF INTEREST TO HUNTERS.

MUST HAVE A LICENSE

Hunt Rabbits Year Round—Permit Necessary for Merchants Selling Dynamite.

The following information will be of interest to hunters and is from the Columbia Daily Tribune:

The season for killing turkeys, deer and quail closes December 31 and opens again for turkey and deer November 1, and for quail December 1. The open season for turkey and deer is November and December and for quail December only.

The season for squirrels closed December 1st, the open season being from July 1st to December 1st.

The season for ducks, geese and brants continues under the state law to April 30th, but under the new federal law the season closes December 31st. The season under the state law is from September 15th to April 30th. The season for fur bearing animals continues during the month of January. The open season for these animals is from November 1st to January 31st. There is no closed season on rabbits, so they can be killed at any time. A license is required to hunt whether with a gun, dog or without either.

The statute says it shall be unlawful for any person to hunt in this state except a license has been secured for that purpose.

The exception is where land owners and members of their families under 21 years of age are permitted to hunt on their own or leased lands without licenses.

Rabbit hunters and hunters of fur bearing animals will protect themselves by taking out their licenses promptly this year because of the fact that they sell the rabbits and the pelts of the fur bearing animals and the offering of them for sale is prima facie evidence that they have been hunting, which makes their conviction easy.

Owners of skunk farms and farms for propagating such fur bearing animals are permitted to keep what animals they have caught or purchased during the open season, but they cannot purchase or sell either the animals or their pelts during the closed season.

Hunters should take out their licenses in January for the year 1914 when they can hunt at any time when there is an open season during the entire year. Many hunters wait until late in the year to take out their licenses and then complain because their licenses expire in a short time.

Seining is permitted in the Missouri river, except during the months of April, May and June, with a 2-inch mesh seine.

Land owners can seine in unnavigable streams during the months of July, August and September with a 2-inch mesh seine, but they cannot sell the fish so caught.

At all other times except during the month of May fish may be caught by hook and line, gig, spear or trotline, but during May only the hook and line and trotline can be used.

The killing of fish under ice and the use of dynamite or other explosives is prohibited under heavy penalties.

The statute requires merchants selling dynamite to secure a permit from the county clerk and they can sell only on affidavits of purchasers that they will not use the explosive for unlawful purposes, such as killing fish, nor will they permit it to be used by any other person. The penalty is a fine of $50 on any merchant or dealer who sells without the affidavit, and the same penalty attaches to any person who has this explosive in his possession without having made the required affidavit. One-half of the penalty the statute gives to the informer. This law is being enforced. The merchants in this district have their permits and are selling according to law.

MARRIED STEWART

MRS. DORA M'MASTER OF HOPKINS WAS THE BRIDE.

ALIMONY BOND GIVEN

To the Former Wife of Mr. Stewart—Wedding Took Place at Hopkins on Thursday.

A special to The Democrat-Forum from Hopkins Friday morning contains the announcement of a wedding there on New Year's day, which is as follows:

"The marriage ceremony for Mrs. Dora A. McMaster and Mr. Clarence Stewart was performed New Year's afternoon at the home of the bride's mother, Mrs. Sarah McMaster, only the members of the family being present. The newly married couple were taken at once to Bedford in a car by William McMaster, brother of the bride, where they took the night train for Clarinda, Ia.

"Mr. Stewart is engaged in the real estate business at Clarinda, and they will make their home there for the present.

"The bride is the third daughter of Mrs. McMaster, and belongs to one of the most prominent and prosperous families in the Hopkins community. She has hosts of friends who hope for her happiness."

Mrs. McMaster Stewart recently pledged the payment of $75 a month as alimony to Mrs. Nannie E. Stewart, in the event that a decree of divorce was granted and that her husband, then the Rev. Dr. Clarence A. Stewart, be set free from his matrimonial fetters. The divorce was granted several days ago.

Dr. Stewart was formerly pastor of the First Baptist church at Clinton, Mo. He took up evangelistic work, and it was during a revival meeting near Hopkins that the preacher met Mrs. McMaster. Some months ago Dr. Stewart wrote to Clinton to his wife, telling her he no longer loved her. His heart, he said, had gone out to another and he asked that Mrs. Stewart obtain a divorce. When she filed the suit, as her husband had suggested, she demanded $75 a month as alimony for the support of herself and her six children. Mrs. Stewart's attorneys were obdurate, and as the court was withholding its decision, Mrs. McMaster agreed to sign with the minister the notes for the monthly payments.

Dr. Stewart was engaged in holding meetings last Chautauqua season at the White Cloud Baptist church. He was a complete success as a preacher and evangelist, and when two vacancies on the Chautauqua program occurred, and when Manager Landon was telephoning to other Chautauquas around, trying to secure a substitute, he was informed by many who had heard Dr. Stewart at White Cloud that he was as good as any one that had appeared on the program, and not only advised but begged his appointment to fill the vacancy. Stewart is a fine looking man. He attended the day programs of the Chautauqua in company with Mrs. McMaster and was deeply interested in the lectures and looked like he could give one himself if called on.

His clerical rights were taken from him since his actions became known.

Mr. and Mrs. Walter Wiles were the host and hostess of a 12 o'clock dinner New Year's day. Their guests were Mr. and Mrs. T. A. Wiles, Herschel and Virgil Wiles, Mr. and Mrs. T. B. Maulding, Professor and Mrs. Frank Shepherd.

Mrs. J. B. Swearengen of Omaha, who is the guest of her sister and brothers, Mrs. Rebecca Gray and U. S. and H. E. Wright, went to Bedison New Year's day for a visit with her nieces, Mrs. O. E. Wright and Mrs. Jesse Douglas.

A marriage license issued Friday was to Oren Stevenson and Ethel Eckles, both of Graham.

AN ELECTION FEB. 2

BY FIVE SCHOOL DISTRICTS FOR CONSOLIDATION.

IN HARMONY VICINITY

The Consolidated School Question Will Also Provide for Transportation of Pupils.

Monday, February 2, has been set for the first election in Nodaway county, on the consolidated school question, to be held under the new Buford consolidated law.

The patrons who have asked for the submission of this question to them are those in the Excelsior, Champaign, Wilcox, Casteel and Moore districts, and one-half of the Hickory district.

The territory covered by these districts embraces twenty-three square miles. The valuation of the property within this boundary is $275,000, and the number of pupils 131.

Should the consolidation proposition carry there will be a fund of $4,300 from the state and local tax fund to draw on for the maintenance of the school.

Another question to be voted on at this time will be the transportation of the pupils from these districts to the consolidated school. There will be six directors on the new school board, instead of the usual three now on the country school boards.

Harmony church, in the Moore district, will be made the central point for the new consolidated school, should the question carry.

County Superintendent Oakerson is of the opinion the matter will carry, as the people of that community have long asked the privilege of voting on it.

The Harmony church neighborhood is recognized among the most progressive communities in the entire country, and the building of a consolidated rural school there and the maintenance of a transportation line for the pupils would be in keeping with the other things that are going on at that church center all the time, under the leadership of the pastor, Rev. C. R. Green.

1914 — A Bumper Overland Year

FOUR years ago the Overland passed into the hands of its present owners. During this same time many other automobile manufacturers have come and gone—flared up and out. But our progress has not only been phenomenal, but strong and healthy. Each year our sales have increased by millions. In the last four years we have accomplished MORE, done a LARGER business and given the farmer MORE car for LESS money than any other automobile manufacturer in the world.

All this is a matter of record.

This is going to be our banner year. We are producing 50,000 cars, and the largest portion of this great output is going to the American farmer.

Farmers Now Using 65,000 Overlands

The farmer consumes more automobiles and more Overlands than all the rest of the world put together. Today 65,000 Overlands are giving satisfactory service on American farms and ranches. And if ever an automobile must "deliver" it's on or around the farm.

One of our largest western distributors has contracted for 5,000 Overlands. This is significant and typical of the west. He would take MORE if we could supply them.

Like as not your nearest neighbor owns an Overland Ask him. He'll tell you of its all around ability and economy.

We repeat, 1914 is going to be our bumper year. Never before has the farmer shown such keen appreciation of the Overland as he is doing right now. Never before has he so thoroughly realized that we are actually giving more car for less money than any other manufacturer in the business.

And why not?

Larger In Every Respect— But Lower In Price

Look at the car—read the big specifications—see the low price.

A wheel base as long as on most $1200 cars.

A motor as large and as powerful as the power plant in most $1200 cars.

A car as large, roomy and comfortable as most $1200 cars.

Tires as large as you find on the average $1200 car.

Electric lights—even under the dash—deep upholstery, an unusually heavy frame, a large steering wheel, Timken and Hyatt bearings, three-quarter floating rear axle, a jeweled Stewart Speedometer—all the same identical features you find on the average $1200 car.

The body is designed with graceful cowl dash and flush U doors with concealed hinges. Everything right up-to-date.

The car is finished in that magnificent dark Brewster green, trimmed with polished nickel and aluminum. It could not be made prettier. It could not be made more striking if it cost $3000.

Our price $950— Others Must Charge $1200

To duplicate this car any other factory would have to charge you $1200 and more. Our price $950—because we are the largest producers and can effect the greatest number of manufacturing economies. And you save the difference.

This is the car everyone is demanding. See it before you buy. See how economical it is on gas, oil and tires.

Get in touch with the nearest Overland dealer. There is one near you.

DID CHILD WAKE UP CROSS OR FEVERISH?

Look Mother! If Tongue is Coated Give "California Syrup of Figs" to Clean the Bowels."

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a tenspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company. Counterfeits are being sold here. Don't be fooled!—Advertisement.
